

RTN Winter School 2005

Supernova Observations and Data Reduction

Asiago Astrophysical Observatory (Italy) - February 7-11, 2005

<http://www.mpa-garching.mpg.de/~rtn/RTNSCHOOL>

Topics

**Telescopes and Instrumentation. Data Reduction.
Optical and IR Imaging and Spectroscopy.
Integral Field Spectroscopy.
Polarimetry and Spectropolarimetry.**

***Lecturers include P. Antilogus, S. Benetti,
C. Gerardy, F. Patat and B.P. Schmidt***

**Scientific Organizing Committee: S. Benetti (co-Chair),
W. Hillebrandt, F. Patat (co-Chair), B.P. Schmidt and M. Turatto**

Sponsored by "The Physics of Type Ia Supernovae" - A European Research and Training Network

Dipartimento di Astronomia
dell'Università di Padova
