ESO Service Observing Program README File
==========================================================
Version:  Nov 27, 2003

This file describes the data provided to you on DVD-ROM or
on the ftp account at ESO.

The directories contain data obtained for you by the ESO
Service Program. Your data are being issued now for one of the
following reasons:

* We have completed your service observing program for the current period.
* You requested a preliminary release of your data.

General information on your SM package and a listing of all data is
contained in the file list_SM_PACKAGE.

Any questions about these data should be sent to the DMD User Support
Group (usg-help@eso.org). When sending questions, it would be helpful if you
would include your ESO Program ID (e.g. 64.A-4711) in your message.

Read the ServiceMode.html file contained on this DVD-ROM for more detailed
information on the data package or visit the ESO web pages at

http://www.eso.org/observing/dfo/quality/FORS2/ServiceMode/ServiceMode_gen.html

Additional information about the FORS2 Quality Control process can be found at

http://www.eso.org/observing/dfo/quality/index_fors2.html

General information about FORS instruments can be found at
