ESO Studentship Programme 2001

The European Southern Observatory research student programme aims at providing the opportunities and the facilities to enhance the post-graduate programmes of ESO member-state universities by bringing young scientists into close contact with the instruments, activities, and people at one of the world’s foremost observatories. For more information about ESO’s astronomical research activities please consult Research Projects and Activities (http://www.eso.org/science/ or http://www.eso.org/projects/).

Students in the programme work on an advanced research degree under the formal tutelage of their home university and department, but come to either Garching or Vitacura-Santiago for a stay of normally up to two years to conduct part of their studies under the supervision of an ESO staff astronomer. Candidates and their national supervisors should agree on a research project together with the potential ESO local supervisor. This research programme should be described in the application and the name of the ESO local supervisor should also be mentioned. It is highly recommended that the applicants start their Ph.D. studies at their home institute before continuing their Ph.D. work and developing observational expertise at ESO.

The ESO studentship programme comprises about 14 positions, so that each year a total of up to 7 new studentships are available either at the ESO Headquarters in Garching or in Chile at the Vitacura Quarters. These positions are open to students enrolled in a Ph.D. programme in the ESO member states and exceptionally at a university outside the ESO member states.

The closing date for applications is June 15, 2001.

Please apply by using the ESO Studentship application form available on-line (http://www.eso.org/gen-fac/adm/pers/forms/).

PERSONNEL MOVEMENTS

International Staff

(January – March 2001)

ARRIVALS

EUROPE

BRANDNER, Wolfgang (D), Adaptive Optics Instrument Scientist
CHATZIMINAOGLOU, Evanthia (GR), Associate EIS CONAN, Rodolphe (F), Associate CONDORELLI, Livio (I), VLT Software System Manager for UNIX computers DEMARCO, Ricardo (RCH), Student EKVALL, Jenny (S), Associate HACKENBERG, Wolfgang (D), Laser Specialist KORNMESSER, Martin (D), Graphics Designer LAMPERSBERGER, Brigitte (D), Associate MARCHETTI, Enrico (I), Associate NELSON, Martine (UK), Division Secretary/Assistant TRIPICCHIO, Alfredo (I), Associate VAN BOEKEL, Roy (NL), Student VANZELLA, Eros (I), Student

CHILE

BAUVIR, Bertrand (B), Software Engineer HOUSEN, Nico (B), Software Engineer HUBRIG, Svetlana (D), Operations Staff Astronomer MOREL, Sébastien (F), VLT Instrument Operator SCHÜTZ, Oliver (D), Student

DEPARTURES

EUROPE

TORWIE-SCHMER, Claudia (D), Accounting Assistant

Local Staff

(December 2000 – March 2001)

ARRIVALS

ALARCON, Hector, Telescope Instruments Operator, Paranal GODOY, Angelina, Bilingual Secretary, Santiago HERRERA, Cristian, Telescope Instruments Operator, Paranal MORALES, Alex, Maintenance Engineer, Paranal ROJAS, Manuel, Telescope Instruments Operator, Paranal

DEPARTURES

ABUTER, Roberto, Software Engineer, Paranal ALVAREZ, Roberto, Bilingual Secretary, Paranal BROWNING, Victoria, Paranal Administrator, Paranal FIGUEROA, Edgardo, Precision Mechanics, La Silla MARTIN, Gabriel, Telescope Instruments Operator, La Silla RAHMER, Gustavo, Optical Detector Engineer, Paranal
